DIGITAL MINI-LAB - *JUST FOR YOU*

# Digital Extreme-Speed Photo Printer

Any person, any item any place at any time; HiTi PhotoShuttle, the Digital Extreme-Speed photo printer gives the user the ultra pleasant sensation experience, and glorifies to become the favorite of the image player.

## Features:

### ▶ HiTi PhotoShuttle, the Digital Extreme-Speed Photo Printer makes your fascinating life presented immediately.

- ▲ Turbo fast printing speed: comparing with the ink-jet printer, it saves time and with more convenience that only takes about 45 seconds to complete each print.
- ▲ 16.77Million Colors Performance: True color 310 dpi x 310 dpi Dye Diffusion Thermal Transfer (D2T2) technology delivers important moments to the forever capture with fine detail. Comparing to the traditional ink-jet printing technology in the market, D2T2 technology presents a more natural and vivid way of digital photograph.

### ▶ HiTi PhotoShuttle provides sparkling bright color for you to treasure permanently.

- ▲ Magic Coating Technology: Magic Coating Technology keeps your photo prints brilliant with waterproof layer and protects against fingerprint and the UV radiation. It's easy to store and user can treasure live moments permanently.
- ▲ "Watermark" effect: by choosing the built-in patterns or importing your own image to create your own uniquely patterned photos with unlimited imagination.
- ▲ "Matte surface" effect: by applying the "matte surface" effect without changing different consumables to make your photos precious with a new texture.

### ▶ Personalization style, friendly interface, convenient access

- ▲ Personalization style: weighted 2 kg and with a compact footprint design, ultimate space saving and beautifying your desktop.
- ▲ Handy Installation and Personal Print Shop: Plug & Play USB interface and automatic output settings make your dream for personalized photo center effortless.

### ▶ Personal photographic privacy, print out your memory arbitrarily

HiTi PhotoShuttle, the Digital Extreme-Speed Photo Printer makes your home as the printing center, and brings you fantastic feeling of photo print. Furthermore, HiTi PhotoShuttle's continuous-tone printing provides dot-free photo prints with superior color reproduction.

### ▶ Borderless Photo Outputs

HiTi PhotoShuttle is able to perform full sized 4 in.x 6 in. printing results without any white border, or damaging while clipping the margins. It makes your digital photographs as brilliant as your memory.

### ▶ Image magician, beauty revivification

Bundle software: HiTi Photo Désirée, which helps photograph printing quality and color expression brighter and better than the computer screen color! With HiTi Photo Désirée, photo images can be more vivid and colorful. ImagEnhancer can make primary colors re-appeared, and the beauty restores.

### ▶ Digital lives the new experience; creativity master (DIY) is you!

Utilize your brainstorming to DIY! Make your personal ID photo, name card, greeting card, calendar, bookmark...etc, in any size for any use!

### ▶ Bundle Software:

#### HiTi Photo Désirée

##### ▲ Image Editing:

Designed to satisfy different customers' needs, Photo Désirée allows users to enhance and modify images with auto setting and further enhanced by professional designing mode including contrast/brightness, hue/saturate, gamma curve, shadow/emboss...etc.

##### ▲ Versatile Printout:

Personalized photo design offers users to print different layouts such as calendars, greeting cards, stickers, and much more combinations to share with family and friends.
